# WHY COMPETITOR?

*In Case it's not Obvious, Here's a Few Reasons Why.*

## IT'S OFFICIAL

We build more lane lines than anyone in the world and have been relied upon in 10 of the past 13 Olympic Games.

## LifeSpan+™

This new formula, which goes into each lane line, delivers a superior product that substantially increases the useful life of Competitor® discs in harsh pool environments.

## 100% GUARANTEED

If you're not 100% satisfied, we'll make it right. End of Story.

## FAST SHIPPING

We build and ship lane lines in just 3 days. Faster than anyone in the industry.

## WIDE SELECTION

We offer a wide assortment of colors and customization options with compatible products to provide competitive swim programs & events.

## HIGHEST QUALITY

Our team leverages decades of experience as they inspect each lane a minimum three times prior to shipping any product.

## QUELLING PERFORMANCE

Quelling tests prove that we outperform our closest rival by more than 20% and the average of all major brands by 40%.

\*Tested at The McCorkle Aquatic Center by the Ohio State University Engineering/Aerospace Department.

## MADE IN THE U.S.A.

For over 50 years, our product lines have always been proudly made in America.

# LifeSpan+™

This new formula, which goes into the production of each lane line, delivers a superior product that substantially increases the useful life of Competitor® discs in harsh pool environments.

# LANE LINES

Internationally Recognized as the Best in the World

Competitor racing lanes employ a unique flow-through system that provides consistent wave quelling from one lane to another, a unique feature not found in other products on the market.

## LifeSpan+™

Competitor swim lanes also feature Lifespan+™ a new, proprietary protective formula that provides cutting-edge polymer and color-stabilization components to substantially increase product life in harsh pool environments.

**Gold Medal Disc:** 6" Diameter

**Standard Disc:** 4" Diameter

# RACING LANE HARDWARE PARTS & KITS

From extension hooks and cables, to take up reels and wrenches – we stock all the replacement parts and hardware kits you will need to keep on swimming.

"Whether competing in the Olympic Games or helping the next generation of kids learn to swim, Competitor lane lines and flags have been by my side every stroke of the way."

- Gabe Woodward, Bakersfield Swim Academy, Bakersfield, CA

## CUSTOMIZE YOUR FLAGS

We will print any customized logo on your flags.

# BACKSTROKE FLAGS AND HARDWARE

Competitor® backstroke flags consist of an oxford nylon material in a range of colors that meet all FINA, NCAA, USA, and NFHS regulations.

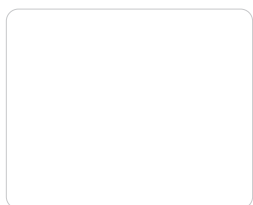

Mounting is easy using our braided nylon cord and zinc plated swivel hook. A tighter alternative may be made using our take up reel with vinyl coated cable.

# PACE CLOCKS

Visible. Accurate. Portable.

Competitor Pace Clocks offer a unique face design with highly visible graphics and larger numbers at critical intervals for more efficient pacing views. This visibility is critical when performing training interval sets and assessing improvement. Our pace clocks are made from durable materials to resist the impact of pool chemicals and weather. They feature sweep-minute and second hands that are easy to see and designed to resist warping. Faces and hands are protected from damage and splashing by a clear Plexiglass® lens. We offer three clock sizes and two face-color options, including the new yellow on black.

# PACE CLOCK COMPARISON

Explore the Differences and Pick the Perfect Clock

## 15" Clock

Our 15" Pace Clocks are ideal for swim training, aerobics and personal training. This unit features an easy to transport top-handle and flat base. Clock housings are offered in red or white. "AA" Battery is included.

## 31" Clock

Our 31" Pace Clocks are designed primarily for competitive swim training. They may be wall-mounted or secured to a roll-away stand. Clock housing is offered in white only. "C" battery is included.

## 37" Clock

Our 37" Pace Clocks feature large, highly visible 3.5" quarter numbers, designed primarily for competitive swim training. Clock housing is offered in white only. "C" battery is included.

# EZ-LOCK™ FLOAT

## SELF LOCKING. TWIST-LOCK DESIGN.

This design eliminates floats from moving on a rope using no hardware. This innovative product is to allow the floats to quickly adhere to three different size ropes.

### EXCLUSIVE FEATURES:

- A larger 5"x9" float size
- The only float available that fits  $\frac{3}{8}$ ,  $\frac{1}{2}$  and  $\frac{3}{4}$  inch ropes.
- Made of linear polyethylene and treated with LifeSpan+™ for durability and longevity.
